Furry Family Members Snooze in Style with New Pet Collection from The Step2® Company LLC

STREETSBORO, Ohio – It’s time to wag your tails and listen right meow! The [Step2® Company LLC](#), a leading toy and home solutions innovator, unveils a new pet collection to give your cuddly companions and furry family members a cozy place of their own to sleep and play. The [Close ‘N Cozy Hideaway Dog Bed™](#) and the [Furry Friends Bunk Bed™](#) create comfortable spots for dogs and cats to curl up for morning naps, afternoon siestas and evening bedtimes.

“We create home solutions for families of all shapes and sizes, so it’s a natural progression for us to develop stylish, durable and functional products that cater to the needs of our pet moms and dads. These new beds pamper their precious pups and cute kittens while making their lives easier,” says Kierie Courtney, vice president of e-commerce and marketing, Step2.

Whether your dog or cat is a new addition to your family or an older breed that needs special accommodations, this fetching collection includes pet beds with a durable molded design to handle rambunctious or accident-prone pets. Simply rinse or sanitize the surface and wipe clean! Plus, the neutral brown and grey colors, space-saving designs and plush pillows blend nicely into any home aesthetic.

Step2 Close ‘N Cozy Hideaway Dog Bed

Keep your dog close day and night and take back your valuable living space with the [Step2 Close ‘N Cozy Hideaway Dog Bed](#). Perfect for small-living quarters, the trundle dog bed design functions like an under-bed storage drawer. Specially-designed grooves on the base make it easy to tuck away when not in use!

The lightweight construction makes it easy to move the doggy bed around the house or to pet-friendly vacation spots, so your dog will always have a comfy, familiar place to lounge and sleep at home or on the go. Ideal for small- to medium-sized pets (up to 50 lbs.), the Close 'N Cozy Hideaway Dog Bed comes with a mattress nestled within the bed basin for plush padded protection your pet will love. This bed also isolates mess and is easy to clean, making it ideal for housetraining puppies or older dogs prone to accidents. The handle also doubles as a convenient storage space for your dog's favorite toys, treats and treasures, and the low, wide base makes it easy for older dogs to step in and out, too.

Step2 Furry Friends Bunk Bed

With two levels to choose from, small cats and dogs (up to 30 lbs.) have plenty of room to share with the **Furry Friends Bunk Bed**. The top-tier lounger is the purr-fect perch for your cat or dog to keep watch of the home, bask in afternoon sunlight or peer outside at passersby. The slightly enclosed bottom level gives small pets a safe place to cuddle and nap. You can also use the cubby to store toys and treats! With two plush cushions that fit snugly into the top tier and bottom cubby, your furry friends will have their own place to sleep and play all day.
